

Contents of Volume 7, 1984

Number 1 issued in April 1984

Immunosuppressive Therapy

Guest Editor: Y. Borel, Boston

- 1 **Y. Borel:** Introduction
- 3 **R. S. Schwartz:** Twenty-Five Years of Immunosuppression
- 9 **S. F. Schlossman, E. L. Reinherz:** Human T-Cell Subsets in Health and Disease
- 19 **Y. Borel:** From Nonspecific to Specific Immunosuppression: Facts and Speculation
- 25 **B. H. Hahn:** Suppression of Autoimmune Diseases with Anti-idiotypic Antibodies: Murine Lupus Nephritis as a Model
- 35 **Y. S. Ahn, W. J. Harrington, R. Mylvaganam:** Immunosuppressant Therapy of Idiopathic Thrombocytopenic Purpura
- 43 **C. B. Carpenter, T. B. Strom:** Immunosuppressive Therapy for Renal Transplantation
- 59 **R. Parkman:** Preparation for Bone Marrow Transplantation
- 69 **P. A. Miescher:** Immunosuppressive Therapy in the Treatment of Autoimmune Diseases

Obituary

- 91 **H. J. Müller-Eberhard:** Henry G. Kunkel (1916–1983)

Indexed in Current Contents

Number 2/3 issued in September 1984

Complement (III)

Guest Editor: H. J. Müller-Eberhard, La Jolla

- 93 **H. J. Müller-Eberhard:** The Membrane Attack Complex
- 143 **P. J. Lachmann, N. C. Hughes-Jones:** Initiation of Complement Activation
- 163 **M. K. Pangburn, H. J. Müller-Eberhard:** The Alternative Pathway of Complement
- 193 **T. E. Hugli:** Structure and Function of the Anaphylatoxins
- 221 **R. D. Schreiber:** The Chemistry and Biology of Complement Receptors
- 251 **Ch. A. Alper, F. S. Rosen:** Inherited Deficiencies of Complement Proteins in Man
- 263 **Ch. G. Cochrane:** The Role of Complement in Experimental Diseases Models

Indexed in Current Contents

Lymphokines

Guest Editor: A. L. de Weck

- 271 **A. L. de Weck:** Introduction
- 273 **A. L. de Weck, F. Kristensen, F. Joncourt, F. Bettens, Ch. Walker, Y. Wang:** Lymphocyte Proliferation, Lymphokine Production and Lymphocyte Receptors in Ageing and Various Clinical Conditions
- 291 **P. H. Krammer, U. Hamann, L. Hültner, B. Kaltmann, U. Kees, C. Kubelka, D. Gerns:** The Activity of Lymphokines Secreted by Normal and Malignant T Cells
- 299 **A. Schimpl:** Lymphokines Active in B Cell Proliferation and Differentiation
- 311 **C. Sorg, E. Michels, U. Malorny, Ch. Neumann:** Migration Inhibitory Factors and Macrophage Differentiation
- 321 **C. L. Geczy:** The Role of Lymphokines in Delayed-Type Hypersensitivity Reactions
- 347 **H. Kirchner:** Interferons, a Group of Multiple Lymphokines
- 375 **A. Fontana, P. J. Grob:** Lymphokines and the Brain
- 387 **J.-M. Dayer, St. Demczuk:** Cytokines and Other Mediators in Rheumatoid Arthritis
- 415 **B. M. Stadler, A. L. de Weck:** Role of Lymphokines in Immediate Type Allergy
- Indexed in Current Contents**
